

Subject: American Academy of HIV Medicine: COVID-19 PrEP Access/Usage Surveys

Dear colleagues,

The American Academy of HIV Medicine has developed two surveys to assess PrEP Access/Usage and Risk Behaviors during Shelter in Place/Stay at Home Orders under the COVID-19 outbreak.

The first survey is for patients currently using PrEP who reside in a jurisdiction with a Shelter in Place/Stay at Home Order.

The second survey is for medical providers who may prescribe PrEP (MD/DO, PA, NP, PharmD in California and WA).
